

City

design: busk + hertzog

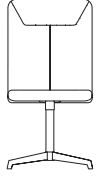

City er en moderne mødestol med en skarp profil og bløde kanter. Sædets stringente linjeføring er kombineret med udfordrende stikninger og overskæringer. Det giver City sin helt egen identitet samtidig med, at dens klare formsprog kan indgå i de fleste indretningsmæssige sammenhænge. City er første produkt i en ny serie af moderne møde- og loungemøbler fra Magnus Olesen.

City is a modern meeting chair with a sharp profile and soft edges. The stringent line of the seat is combined with challenging stitchings and crossing lines. This renders City with an identity of its own – however, the clear idiom of the chair may be used in most interior design projects. City is the first product in a new series of modern meeting and lounge furniture from Magnus Olesen.
