Hvile og vente / Waiting and resting

Space Bench afspejler essensen af det offentlige rum - hvor formelle og uformelle møder finder sted, er Space Bench det naturlige omdrejningspunkt. Med muligheden for at integrere multimedier som dvd, computer eller underholdning er møblet lige velegnet til foyerrum i virksomheder som til større offentlige rum i f.eks. lufthavne, lounges etc., hvor Space Bench kan fungere som et interaktivt møbel, hvor den besøgende kan hente information om firmaets profil eller information om afgangstider, nyheder, reklamer o.lign.

Space Bench reflects the essence of the public space - where formal or informal meetings takes place, Space Bench is the natural centre of rotation. With its capacity to integrate multimedia such as dvd, computer or entertainment the bench is just as suitable for foyers in companies as well as for large public spaces such as airports, lounges etc., where the Space Bench may act as an interactive piece of furniture where the visitor may collect information about the company's profile or information about departure times, news, advertisements etc.
