

T•Too

design: Rud Thygesen & Johnny Sørensen

Stabelbar møde- og konferencestol med perforeret træryg - i naturtræ eller sortlakeret med soft touch effekt. Ryggen leveres også med forsidepolstring. Til stolen fåes desuden aftagelig sædetop, koblingsbeslag samt stolevogn.

Forben og rygbe med de store cirkelslag og den håndvenlige runde profil består af lamineret bøg, ahorn eller kirsebær, mens de markante bagben og afstandstykkerne fåes i pulverlakeret eller forkromede stålør.

Stackable meeting and conference chair with perforated wooden back - either natural wood or painted black with soft touch effect. The back is also available with upholstery on the front side.

Accessories such as detachable seat top, linking device and transport cart are available as well. The wooden front leg and back curve, drawn in large circles, have a round profile, making it pleasurable to touch - available in laminated beech, maple or cherry. The distinctive rear legs and distance pieces to the seat are available in epoxy coated or chrome-plated tubular steel.
